

Planning for LAA and CAA success

Workshop – 6th May

Somerset County Cricket Club, Taunton, TA1 1JU
9.30 for 10am - 4pm

Moving from talk to action in the delivery of Local Area Agreements is not easy – particularly when the issues that need tackling are complex. There is help at hand in very practical techniques which can assist partnerships in planning delivery effectively.

This workshop provides an opportunity to learn about some of the techniques available, including outcomes based accountability and systems thinking , to support LAAs to move to action, and to try them for yourself! The focus will be what has worked and has not worked, in the south west and elsewhere.

The event is aimed especially at people with responsibilities for delivering LAAs – for example, Local Strategic Partnership chairs, key partners and LAA Co-ordinators. The timing of this event provides an opportunity also to consider the momentum building around delivery planning and future focus for the south west.

*If you want to reserve a place, please contact Vivian James at South West Councils (SW Regional Improvement and Efficiency Partnership) by 24th April;
Vivian.james@swcouncils.gov.uk 01823 425204.*
