

Improving Life Chances for All - the role of elected members

SWRIEP programme: 'Promoting Equality and Tackling Exclusion' – work with elected members

The overall aim of the above programme is to support local authorities in the South West to improve practice on equalities and social inclusion issues. As such an important strand of this project is working with elected members.

Accordingly we are running the following event for members:

- **Event:** Improving Life Chances for All - the role of elected members
- **Target audience:** Members who have an executive or scrutiny role in relation to equality and diversity and any member who is interested.
- **Date:** 16th September 2009
- **Venue:** Taunton Rugby Club, Hyde Park, Hyde Lane, Bathpool Taunton. TA2 8BU
- **FREE** – Funded through SW RIEP Programme Tackling Exclusion and Promoting Equality

The event will hear from members from different authorities sharing their experience of how work in this area has helped to improve services and their council's performance generally. There will also be the chance to learn from each other, to understand the new demands from the CAA and the new Equality Framework for Local Government
